Bullying

Bullying can happen anywhere, and it can happen to someone who is in a foster placement.

It is important that you tell your teacher, social worker or your foster carer if you feel unsafe or bullied at any time.

Some adults may make you feel bad.

They may:

- Hit, kick or punch you
- Say unkind words to you or call you names
- Leave you at home alone or not give you enough to eat
- Touch or kiss you in a way that makes you feel worried
- Or unhappy and pretend it is a game of a secret.

Tell someone you trust, your foster carer, social worker, teacher, who will help you.

Your Health

Your foster carer will make sure that you go to the local doctor, dentist and optician and make sure that you have your check-ups.

If you don't feel well or if you want to ask something about your health, please speak to your foster carer straight away.

Equal Opportunities

WELCOME

Everybody is different.

People come from different cultures, races, religions and countries.

All people have a right to be treated as equal and unique.

We will make sure that your culture, religion, food, music and dress will be respected and supported.

Respect

Your foster carer will speak to you with respect which means they will be polite, they will not yell, or use swear words.

It is important that you speak to your foster carer in the same way. This might be hard for you sometimes when you feel angry or upset and we will try to help you to express yourself better.

If you go out, you need to inform your carers, or they will worry about you and may need to tell your social worker or even the police.
